Subject: Request for Review of Ex. 3 Photos

Hello Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))]

We have greatly appreciated your support and engagement as we implement the *Federal Research Action Plan on the Use of Tire Crumb on Playing Fields and Playgrounds*. As you may know, by the end of the year, the agencies will release a draft status report that describes the findings and conclusions of the research through that point in time. The status report also will outline additional research needs and next steps. We're planning to include a preliminary summary of the information we've learned through our outreach and engagement efforts, including the process by which tire crumb is produced, and we would also like to incorporate photo illustrations of this process. While we will primarily draw from publically available sources (e.g. reports/studies, web sites, etc.), we would also like to use the pictures below from our site-visit of your facility in February.

Please confirm in an email back to me whether you agree that we can use the pictures and captions below, at your earliest convenience – but if possible, no later than 11/14. Thank you again. We sincerely appreciate your continued support and engagement on this issue.

Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))]

Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))]

Thank you,
Chris Carusiello
